This decision responds to "Response to Notice to File Missing Requirements of an Application," filed with the United States Patent and Trademark Office on 03 April 2006.

BACKGROUND

On 03 April 2003, applicants filed international application PCT/NL03/00252 claiming a priority date of 03 April 2002. A copy of the international application was transmitted to the Office on 09 October 2003. The deadline for entry into the national stage in the United States was midnight 03 October 2004.

On 21 September 2004, applicants filed a transmittal letter for entry into that national phase and the basic national fee.

On 19 April 2005, the Office mailed a Notification of Missing Requirements (Form PCT/DO/EO/905) indicating, *inter alia*, that an oath or declaration in compliance with 37 CFR 1.497(a)-(b) was required.

On 27 May 2005, applicants submitted a response to the Notification of Missing Requirements and a declaration, executed by "Cornelis Frans Taco Visser".

On 04 November 2005, the Office mailed Decision indicating that the inventor in the international application was "Anthony Visser" and the Office had no record of a change under Rule 92*bis*, but the declaration was executed by "Cornelis Frans Taco Visser".

On 03 April 2006, applicants submitted the fee for an extension of time and a declaration executed by "Anthony Visser".

DISCUSSION

Applicant previously supplied a declaration executed by an inventor other than the one listed on the international application. Applicant has now supplied a declaration executed by the inventor listed on the international application. The declaration complies with 37 CFR 1.497(a)-(b).

CONCLUSION

This application is being forwarded to the National Phase Processing Branch of the Office of PCT Operations for further processing consistent with this decision. The application has a 35 U.S.C. 371(c)(1), (c)(2) and (c)(4) date of 03 April 2006.
